

Vote Tuesday!

Citizens to Cast Ballots at Three Voting Precincts

Marin City's 1103 registered voters will go to the polls next Tuesday, May 16, to cast their ballots in the most important presidential primary election in the nation's history.

Three precincts will be used for voting by Marin City residents on Tuesday. Precinct 312 will be located at the Leitch Service Station where the underpass meets the highway. Precinct 313 will be in the lobby of the Cafeteria Building, opposite the Post Office in Marin City. Precinct 314 will be in the old school building behind the Marin City fire house.

Polls open at 6 a.m. and close at 7 p.m. All voters are entitled by California law to take two hours off from work if necessary in order to vote. For this absence the voter cannot be penalized in any way and no deduction may be made from his usual salary or wages.

Candidates to be voted on at Tuesday's election are U. S. Senator, Congressman, County Supervisor, State Senator, State Assemblyman, Presidential electors and members of county central committees.

Dan Allen, Marin City Council chairman and Norman Campbell, chairman of the Council's public affairs committee, issued a joint appeal today for the largest possible vote from Marin City.

"It is not only our right to vote," the appeal said, "it is our war time duty and responsibility. The men at the front lines are giving their lives to protect that right, it is our responsibility to back them up with our ballots."

The appeal by the two Council leaders urged every one of the 1103 registered voters in the community to make it his civic duty and part of his share in the war effort to cast a ballot on Tuesday.

"The Marin Citizen" office will be open all day Tuesday, from 9 a.m. to 5 p.m. to answer last minute questions from voters.

Navy Medal Awarded to Stephens

Mrs. Stanley Beidman proudly announces this week that her cousin, William Francis Stephens, carpenter's mate, second class of the U. S. S. Navy, was recently awarded the Navy and Marine Corps Medal.

The citation for the award reads:

"For distinguishing himself by heroism while serving on board the U. S. S. Biscayne in September, 1943, at Salerno Bay, during the Amphibious Invasion of Italy.

"The S. S. Lyminge, loaded with a cargo of gasoline, land mines and chlorine gas, was hit by an enemy bomb which started several large fires aboard and forced the crew to abandon ship. Stephens, as a member of the U.S.S. Biscayne fire-and-rescue party, with complete disregard for his own personal safety, boarded the burning ship, and, in spite of imminent danger of explosions, courageously assisted in fire-fighting operations which eventually brought all fires under control, thereby saving a valuable ship for future operations."

Mrs. Hannah Bergstrom of Minneapolis, has been visiting at the home of her granddaughter, Mrs. Edw. G. Schoengart since December. She plans to return home the last of this month.

MARIN CITIZEN

MARIN CITY'S HOME WEEKLY

VOL. 1. NO. 44

MARIN CITY, CALIFORNIA

FRIDAY, MAY 12, 1944

Candidates

T. FRED BAGSHAW
Present chairman of the Marin County Board of Supervisors. He is running for re-election at Tuesday's election.

LESTER M. RYAN
Candidate at Tuesday's election for State Assembly. Ryan, a Democrat, will oppose Richard H. McCollister.

New Prizes Offered for Marbles Contest Champ

The championship marble contest for Marin City boys and girls was booming this week as scores of new entries poured in. The contest, to be held here May 20, also received another prize offer. The Marin City Market has donated 12 boxes of Wheaties to be awarded to the all-city champ.

There are only three days left for the boys and girls to get their names entered in the big contest. All entries must be in by midnight Monday, May 15.

Any boy or girl from the ages of 6 to 14 years may enter. There will be three playing divisions, with prizes awarded to the winner and runner-up of each division. The prize shirts with special emblems are now on display at the Marin City Market.

A grand prize of a \$25 War Bond will be awarded the all-city champion — the winner of the playoff between the three playing divisions.

To get in the contest, fill out the entry blanks on page 2 of this paper, and take it to "The Marin Citizen" office or drop in news boxes at the market or rental office.

There is no filing fee to enter the big contest, just fill out the blank and get into the fun.

Marin City Passengers Queried On Bus Service

How is the new bus service working in your part of the project? The Improvement committee would like to know.

So far, the schedule is still in the experimental stage, and any suggestions for changes or adjustments will be welcomed.

The Improvement Committee meets on the Monday night following each Council meeting at 8 p.m. and invites anyone wishing to discuss the bus service to come to the meeting next Monday, or write to the committee in care of the chairman, Earl James, P. O. Box 798.

Job Office Open Here Wednesdays

A United States Employment Service representative will be at the USO Travelers' Aid Cottage next Wednesday from 2 to 4 in the afternoon.

Representative Henrietta Danaceau said this week, "More opportunities for women in industry have opened up in the last few weeks."

Residents seeking employment are urged to register with her on the local office day.

She also stated that occasional part-time jobs arise, and asks women who seek part-time employment to come in

Noted Band At Center This Sunday

One of San Francisco's famous bands will provide the music at the Mothers' Day dance, this Sunday, May 14, at the Community House.

The hot orchestra tunes up at 8:30 p.m. and will play on until 1 a.m. for all Marin City dance enthusiasts.

It's Tommy Pertil and his all-star band direct from San Francisco's Crystal Bowl.

The affair is sponsored here by the California Labor School which is dedicated to education for victory. The school promotes extension classes for war workers living here.

Cold drinks will be on sale. Admission is 75 cents.

Art Instruction Is Demanded by Local War Workers

Four war workers are now agitating for an art class in Marin City. With post-war plans in mind, two of them are asking for commercial lettering and mechanical drawing.

The class, as they see it, would encompass all art subjects from model sketching to blueprint drawing.

Other residents with the same ambitions are urged to send in their names so that a class of 15 will be available for a Marin Junior College instructor.

Contact should be made to the Recreation Department, P. O. Box 236, or through "The Marin Citizen" news boxes or office.

Names now in are Earline Russell and Lucille Funderwhite from Mill Valley, and Fred Manroni and M. L. Brown of Marin City.

Philip Overica came in from St. Paul, Minn., last week and is now employed as a crane rigger at Marinship.

Youthful Grandmother On Mother's Day Program

"The youngest grandmother at Marinship" will be featured in a special Mother's Day program over radio station KPO, Sunday afternoon at 1:30.

She is lovely Mrs. Joe Weber, 37, a journeyman welder in sub-assembly.

Affectionately known as "Johnny" by her crew workers, Mrs. Weber lives in Marin City at House 43 with her husband and two young sons, Barstow, 17, an apprentice at Mare Island, and Sid, 15.

Mother of the grandchild which entitles young Mrs. Weber to the unique shipyard distinction is her daughter, Mrs. Bob Pearson of Houston, Texas. The baby is pretty 3-year-old Joleen.

Mrs. Weber had the jump on her sister competitors for the title by her Texas marriage at 14 years of age. Her early wedding followed an old family tradition. Her mother married

Send in Honor Roll Names Now

Names for Marin City's Honor Roll, to be dedicated at an impressive ceremony here on June 4, must be sent in by May 24.

Eligible for inscription on the plaque are sons, daughters, wives, husbands, brothers, sisters, and other close relatives of Marin City families. The relative need not have lived in Marin City to have his or her name placed on the Honor Roll.

Hundreds of names have already been received for placing on the permanent roll which will be erected in front of the Community House.

Families which have not replied should fill out the blank on page 12, and bring or send it to "The Marin Citizen" news office which is in the building behind the Fire Station, or news boxes at the rental office and market.

The community's honor roll will include servicemen and women from every branch of the country's armed services and Merchant Marine.

The dedication ceremony will include participation by representatives of the armed forces, the Merchant Marine and governmental dignitaries.

Hazard Gone At New Site Of Station

The Greyhound bus station was moved to its new location at the highway corner of the ball field last Tuesday. This weekend, the station will be open for business as usual at its new stand.

The station was moved to avoid the traffic hazard of highway pedestrian crossing.

The danger was pointed out recently by a collision opposite the old location, in which the lives of an entire bus load of passengers were endangered.

Best Citizen

Southern Hospitality Extended by Mrs. Lary

How a quiet housewife who stays at home and takes care of her family can be a front-line soldier in the home front battle is beautifully demonstrated by Mrs. John Lary, of A3-19.

This week celebrates a year's residence in Marin City for Mrs. Lary, so yesterday she casually talked of her life in this wartime town.

A week after she arrived here from Shreveport, Louisiana, Mrs. Lary started caring for children of war-working mothers. Since that day she has never taken care of less than one baby, and usually she is providing a foster home for two or three.

She nurses their ill's, bathes them, feeds them, plays with them, and loves them.

Along with the babies, she keeps house for her lovely daughter, Naomi, who works at the post office here, and for her husband, John. John is a wartime success story by himself, because in over a year's work at Marinship, he has never been late and never lost a day's work. He is leaderman for a tool box crew which handles six ships.

But this is just the beginning, for Mrs. Lary also provides a home for visiting Merchant Marine friends. Mrs. Lary didn't need to have it

pointed out to her by newspaper campaigns that servicemen need a home in port.

For over a year she has entertained the boys at her little apartment here. It started with her daughter's friend, Bill Luke.

But the Southern hospitality has extended to all of Bill's friends. When they're in port, they know the Lary home is open to welcome them without notice.

Motherly Mrs. Lary carefully hoards points so that her boys can have butter for the hot Southern biscuits they love. The traditional menu for the homecoming jaunts include friend chicken, biscuits, and apple or lemon pie.

As for the salvage, Mrs. Lary takes it in her stride, without a thought of special mention. The tin cans, grease drippings, and the waste paper are thriftily collected and turned in, as a matter of course.

Mrs. Lary, with her soft Southern accent and her big heart is "The Marin Citizen's" nomination for the best citizen of the week.

L. T. Elder of Newton, Kas., is visiting in Marin City with his son, L. E. Elder of A12, Apt. 89.

MARIN CITY MARBLE TOURNAMENT

Colorful Lap Robes Go to Servicemen

Five gay lap robes for the comfort of convalescent soldiers go out this week as a gift from the children of the Marin City and Sausalito schools.

Part of their Junior Red Cross work, small knitted squares were made by youngsters on their own time, and then sewed together under the supervision of their teachers.

The completed little blankets are a bright assortment of warm yarn squares.

MARIN CITY MARKET

MAINTAIN MARIN'S EFFECTIVE PART IN THE PRESENT NON-PARTISAN STATE ADMINISTRATION. HOLD MARIN'S PRESENT SENIORITY IN THE STATE SENATE.

on his record of independence of action, hard work, soundness of thought and opposition to bureaucracy.

RE-ELECT STATE SENATOR

THOMAS F.

KEATING

He will continue to serve Marin County faithfully and effectively and without thought of partiality.

Senator Keating has cared for all of the legislative needs of Marin County efficiently and without fanfare, and has promoted a great deal of beneficial legislation affecting Marin County's interests, notably in the fields of dairy legislation, conservation of fish and game, prison administration and roads and highways.

He is the author of original legislation now providing civil service for prison employees, one of the most far-reaching steps in the improvement of prison administration, accomplished after a long uphill fight.

He is the author, together with Senator George Hatfield, of the bill providing \$1,500,000.00 of State funds for use by

the counties in preparing plans for post-war highway construction and out of which some of Marin's share will go to the Sausalito Lateral project.

His activities on behalf of the Golden Gate Bridge, the Sausalito Lateral, the freeing from tolls of the Mt. Tamalpais and Muir Woods Roads and the acquisition of Camp Taylor state park are well known.

His reputation in Sacramento for attention to duty and faithful attendance at all Legislative sessions, both in committee and on the floor, is outstanding, and he has never missed a roll call except unavoidably in giving attention to other legislative duties. (His opponent has circulated vicious and unfounded misinformation of this phase of Senator Keating's unassailable record.)

(This advertisement is sponsored by friends and supporters of Senator Keating.)

Hot Council Contest in Marin City Election

Council Candidates Give Election Views

In the six months which I have been on the council, definite progress has been made in solving some of the problems that confront all of us here in Marin City. A few people have worked hard in the past to make living here a little less difficult than it might be.

Some of the things council has done which deserve credit are:

1. Arrange for a bus service which serves all the areas within our city. It is not perfect, but certainly better than nothing.

2. Improved the police situation which was admittedly bad.

3. Brought the action against the store which was systematically cheating the people. As a result, the old operator was forced to leave.

In all of this I have been able to help.

If you approve of this, I would appreciate your voting for me. Much remains to be done,

ARTHUR D'ETTEL.

* * * * *

My reasons for running for Marin City Council are as follows:

I have been a resident of Marin City since August, 1942 and have been active in civic affairs. I served six months on the City Council during which time I acted as chairman of Child Welfare Committee, and was a member of several other committees.

I am interested in seeing that democracy is upheld in Marin City as well as throughout the nation.

As a member of Council before I always fought for what was right and if re-elected will continue to do so.

I earnestly ask for your support in the election of myself and colleague, Louis J. Bright, to City Council on May 19.

VERN L. LINDBURG.

* * * * *

I ask the support from the voters of District B, based upon two words—right or wrong—to be used in carefully considering all matters of importance to the people of Marin City.

We are here for a definite reason, support of our national obligation to protect the freedom we have enjoyed. In comparison, we are giving little, relating to the sacrifices being made by our sons, daughters, friends and relatives in the service.

Unity and maximum effort is our responsibility. Disunity and indifference can result in defeat. United, no nation can destroy that which we hold dear.

Our people are from all States in the Union. I desire co-operation and respect from adjacent communities. "Moron City" is a word I do not like and resent any remarks of this kind. Any similar expression from people of my state would compare with those of your state whom would not welcome the writer as an American citizen.

We are fairly well started now — let's pull together and finish the job. Production and our fighting men and women are depending upon us.

I am confident the citizens of Marin City desire to return to their homes and loved ones as quickly as possible.

My policy is to help one another all we possibly can, especially during these times so different from our pre-war normal life.

Very truly yours,

JESS DRAPER.

(Continued on Page 9)

Flag Day will be observed Sunday afternoon, June 11, in San Rafael, with a huge parade and following program, which are being sponsored by San Rafael Lodge No. 1108 of Elks.

Most of the readers of this paper are aware of the efforts put forth by your city council in behalf of the folks here. If the results have not been sensational, they have at least shown a consistent desire to improve conditions in a living situation where there is plenty of room for improvement.

I am asking for the support of the voters simply on the basis that the council has shown that it is willing to tackle the problems inherent in living in a place like Marin City, and in many cases has done much to benefit all of us.

Regardless of whether or not you see fit to vote to return me to the city council, by all means, vote for someone. The council is the only instrument through which the people here can speak for themselves with any effect.

MICHAEL B. SMITH.

In announcing my candidacy for City Council from District C, the reasons listed below are the governing motives:

1. With no exception all the people I have talked to believe that a CHANGE should be made.

2. I have been a resident of Marin City for over one year

District C Contest Develops In City Council Election

Nominating petitions were in this week for positions to the Marin City Council. The local election day is Friday, May 19.

The only district with a contest is District C where four men have filed for two seats. Running there are Vern Lindburg, House 99; Arthur D'Ettel, House 138; Louis J. Bright, House 110, and Michael B. Smith, House 81.

Both Lindburg and Smith have previously held council jobs. D'Ettel is an incumbent. Louis Bright is a newcomer.

Other districts have incumbent candidates filed without contest.

District A shows Mrs. Carrie Percy, A15, running without opposition. In District B, incumbent Jess Draper, A-65-520, is running for the one vacant position. John Batchan, House 623, and Norman Campbell, House 768, are the only two candidates on the ballot for three vacant seats in District D.

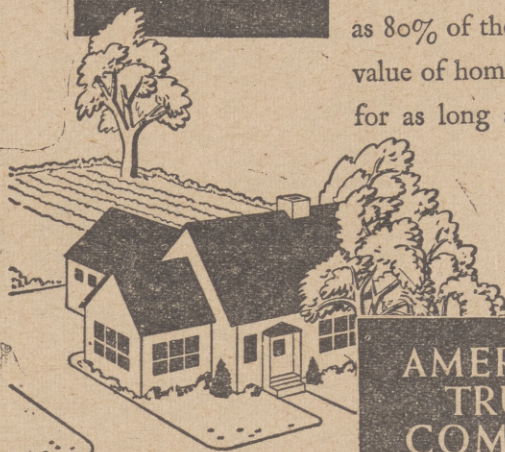

Daniel Allen, retiring council chairman and candidate for the Sausalito School Board, did not

IT IS IMPORTANT TO MARIN CITY'S WELFARE THAT WE RE-ELECT

T. FRED

BAGSHAW

(Incumbent)

SUPERVISOR

AN OPEN LETTER TO MARIN CITY RESIDENTS

On Tuesday, May 16, all of us will have the chance to cast our ballots for a public official who has been of considerable value to our community. We are speaking of Fred Bagshaw, present chairman of the Marin County Board of Supervisors.

Mr. Bagshaw was instrumental in forming the Marin County Housing Authority and in building Marin City to relieve the critical housing shortage of two years ago when Marinship first started operation.

Since that time Mr. Bagshaw has been a conscientious protector of the rights of Marin City residents. He has met with the Marin City Council on several occasions when items of importance to Marin City residents were coming up before the county board of supervisors. He has always followed the wishes of the Marin City Council in these matters.

Mr. Bagshaw is a member of the Advisory Committee of the Marin City USO and as such knows full well the many problems faced by all of us in our daily lives.

Mr. Bagshaw has been an honest and progressive public official in Marin County for the past 20 years. Before being elected to the county board of supervisors he was mayor of Mill Valley and a Marin County director of the Golden Gate Bridge.

Because we know that the re-election of Mr. Bagshaw to the office of Supervisor coincides with the best interests of our war-time community we wish to urge all Marin City voters to cast their ballots for him next Tuesday, May 16.

RE-ELECT FRED BAGSHAW --- MAY 16

May 15 Closing Date For Chest, Two Events Set

Marin Music Chest headquarters, 1143 Fourth street, San Rafael, will remain open the balance of this week from 10 a.m. to 4:30 p.m. and all of next week from 1 to 4 p.m. according to an announcement from Mrs. William Rattray, drive treasurer. The membership drive, which opened April 17 will close Monday, May 15, after which date no membership will be sold for less than one dollar.

Friday, May 12, the "Report Tea" will be held at the home of Mrs. Norman Livermore in Ross, at which time final outcome of the drive will be made known and on Monday the Artistic Council of the chest will meet to make final decisions on artists to be presented at the summer concert season which will open sometime in June.

THREE REASONS

"There are three good reasons why we expect a 100% response throughout the county for this year," Mrs. Berrien Anderson, head of the Chest stated, "the first is a personal reason, the selfish enjoyment of music and the desire to hear Ezio Pinza, in a full recital, which is an experience very few people have ever had.

"Pinza, who will sing for us on July 23 in Forest Meadows is considered the best male singer in the world today and stands at the zenith of his power and art. He will give only two recitals in the country this summer, one in Hollywood Bowl and the other in Forest Meadows.

NIGHT BALLET

Included on the Chest's summer series will be a ballet, which we hope to give sometime in September in the evening, preferably on a moonlight night.

"Then there is the patriotic reason for joining the Chest, for by so doing, you enable the Marin Music Chest to give free concerts to men and women in the service. The third reason is one of civic pride, as the Chest's value to the community from an educational and cultural standpoint is indisputable."

Memorial Day Will Be School Holiday

Memorial Day on Tuesday, May 30, will be a local school holiday.

Although it is no longer a state school holiday, the Sausalito School Board has designated the vacation day in keeping with a 25-year tradition.

Busy and Happy

Another Week-End With Dr. Dick and Nurse Chick

Dr. Dick was on call for the entire week end so his personal activity was limited. Nurse Chick, however, was free for a number of hours so she relaxed by hiking.

She had often heard of the beautiful area between Mill Valley and Muir Woods, so she climbed up and down steep hills and over narrow trails. Wild iris were hiding in the shaded nooks and forget-me-nots grew in profusion.

Dr. Dick had just finished a late and leisurely breakfast, congratulating himself on enjoying a peaceful Sunday when the phone rang.

It was a call from the Medical Center where a nurse is in attendance throughout the day. Little Joshua Tree had fallen from the back of a horse and now appeared to have a broken limb.

Dr. Dick arrived at the center in a few moments and found little Joshua weeping bitterly from fright rather than pain — he wasn't supposed to have been horseback!

Dr. Dick dexterously examined the arm. He felt crepitation which indicated a fracture with probable displacement. An x-ray would be necessary at once and would probably need setting under anesthesia.

The boy had been brought to the center by neighbors as the parents couldn't find. After considerable loss of time and much phoning, Mr. Tree was located at the shipyard.

He was told of Joshua's injury and requested to go to the Medical Center at once as a parent must give consent for treatment.

Arrangements were made for Dr. Dinsman to take care of the boy at a local hospital where the x-ray could also be taken. Dr. Dick carefully immobilized the arm in a temporary splint and little Joshua and his daddy went on their way to the hospital where they met Dr. Dinsman who set the arm and put it in a cast.

Nurse Chick had her first call of the evening the very minute she reported on duty. Mrs. Popover called that her little girl, Mary, aged 15 months, was ailing and would someone please come to see her.

When Nurse Chick arrived she was greeted by what seemed to her, dozens of little Popovers. They peered from behind the chairs and boxes and mama's skirt. One blinked at the nurse from mama's arms. Nurse Chick blinked, too, but

for different reasons.

Mama was chewing tobacco. Stolidly, evenly, and without interruption her jaws worked up and down. Now and then she paused briefly and with expert aim, hit one of the three tin cans placed in strategic positions.

Nurse Chick was fascinated, but finally pulled herself together and remembered this was a professional call.

Little Mary was thin to a state of emaciation. There were sores on her head, she had swollen gums, and a sore in her mouth. She was a pitiable little bundle. It was quite obvious that the babe was suffering from a vitamin deficiency as well as from a cold.

Upon questioning, Nurse Chick learned that the child ate very little, apparently existing on bacon rind and milk. The baby's cold was not serious so Nurse Chick gave Mrs. Popover directions for immediate care and instructions to take the child the following afternoon to Dr. Best, the pediatrician.

Dr. Best will examine her carefully and put her on an adequate diet so she can gain to normal size and good health.

It's a dance this Sunday at the Community Center.

'Poison' Months For Shellfish

A strict warning and order regarding human consumption of shellfish which will be in effect until Oct. 31, was issued late last week by Dr. Irving D. Johnson, Marin County health officer. First order concerned mussels, which may be used only as fish bait, and the second was a warning against use of clams during the coming months.

The order on mussels, which is in addition to those regulations establishing permanent quarantine on shellfish because of sewage pollution, states that no mussels may be gathered or offered for sale from the Mexican border to the Oregon-Washington line, for human consumption, and further points out that mussels to be used for bait must be treated with salt to make them unfit for food purposes, and a placard must be displayed advertising "For Fish Bait Only — Not for Human Consumption."

Continuing with a discussion of shellfish uses during the summer months, Dr. Johnson stated that clams should be cleaned and washed thoroughly before cooking and further emphasized the need for the removal of all dark spots, in which poison is found from May to October.

Mrs. O. B. White and daughter, Ann, returned Monday evening after a weekend visit spent in Fresno and Exeter.

Kittens Arrive

Dorla Faubles proudly announces a new addition to her family this week. The Faubles' white Persian cat had kittens.

WOMEN'S PAGE

WOMEN'S CLUB NOTES

By INEZ HINNENKAMP

The Women's Club met last Wednesday evening at the Community House for its regular meeting. Mrs. B. C. Bloomquist, president, conducted the business meeting and invited each member to introduce her guest.

A travelogue of her 1937 trip to Alaska was given by Mrs. J. R. Kahrt, who showed moving pictures of the salmon and fishing industry, seals on Pribiloff Islands, and the welcome given to ship and guests at all ports.

Refreshments were served by Mrs. Zoe Matthews who had the table decorated with white candles, lace cloth, and lovely flowers from her own Marin City garden.

Mrs. Rolf Bremer and Mrs. Howard Chappell assisted in the program.

Mrs. W. L. Parker, Mrs. Harmon Smith, Mrs. Leo Townsend, and Mrs. Robert Cooper served on the refreshment committee.

The Cookie Brigade met at the Community House Monday evening and baked 750 cookies for the soldiers at Fort Cronkhite. Chairman Inez Hinnenkamp and members wish to thank all the Marin City women who have donated so generously to keep this project going.

The Women's Club is asking YOU to help roll bandages for the Red Cross at Sausalito. The station wagon leaves the Community House at 12:30 p.m., and returns at 3:15 p.m. on Mondays and Wednesdays. Anyone who can spend a few hours is needed. Mrs. B. C. Bloomquist is in charge of this project.

The Red Cross sewing and knitting group meets twice a week on Tuesday evening at 7:30 at the Marin City school, with Mrs. Zoe Matthews in charge. Eight women responded for the first evening meeting. More are invited to come and help.

Mrs. Rosa McQuire has charge of Wednesday's group from 1 to 3:30 p.m. Lots of plain sewing materials are available for work there or at home.

Little Bobbie Celebrates With A Tough Break

Six-year-old Bobbie Olson broke his arm last May. This week in commemoration of the sad event, Little Bobbie sped his wagon around a sharp corner, turned over, and broke it again in practically the same spot.

His bewildered mother, Mrs. Verne Olson, rushed him to the Medical Center and now he's proudly supporting his annual cast.

Frank and Ernest Birthday Party Is Given Here

A gay birthday party in honor of Ernest Clark and Frank Robinson was given April 23 at the Robinson home, House 722.

After an evening of games enjoyed by all the guests, the party sat down to a festive table where a huge birthday cake was surrounded by beverages, sandwiches and ice cream.

Relatives of the birthday celebrants who were present included Mr. and Mrs. Marshall, Mr. and Mrs. White, Mr. and Mrs. Paton, Mr. and Mrs. Galem Robinson, Mr. and Mrs. Booker Robinson, Mr. and Mrs. Eupwright and son, William Robinson, Mr. and Mrs. Coleman, and scores of friends.

The guests joined in thanking their Dormitories friends for the lovely Spring flowers which were presented at the affair.

Hostesses were Mrs. Eveline Clark and Mrs. Rosie Mae Robinson.

W. A. Wiesers' Son Married in Iowa

Cpl. Leo Wieser, son of Mr. and Mrs. W. A. Wieser of Marin City, was married to Miss Margaret Miller at a recent ceremony in Waterloo, Iowa.

Cpl. Wieser was an employee of the Rath Packing Co. prior to his induction into the Army. He is now stationed with the medical department at Camp Pickett, Va.

Following the private ceremony, the couple was feted at an informal reception at the bride's home, after which they left for Blackstone, Va., where they will be at home.

Silver Tea At Jacksons

The Mt. Zion Baptist Church gave a tea at the home of Mr. and Mrs. L. F. Jackson, of House 238, Sunday, May 7.

Present were Rev. L. Glover, Rev. Willie Franklin, Rev. Ed Malone, R. E. Daley, Joseph William, Nelson Stansberry, Mrs. L. Glover, Mrs. Pearl Como, Mrs. Mary Martin, Mrs. B. Daley, and Mr. and Mrs. L. F. Jackson.

Following a short meeting, tea and refreshments were served, and a silver offering was collected.

VICS FOR VICTORY

Next week is Politics Week, for the VICS as well as for everyone else. Look for us in front of the store, all day Friday, Saturday afternoon, and Monday afternoon, ready to hand out pamphlets for all candidates, and answer all sorts of questions on the two elections. We are strictly non-partisan, so do not expect any advice as to how to vote. Look for the big blue sign, which we understand Mrs. Grubb is making for us out of the paper that came on Mrs. James' new mattress.

Then on Tuesday, the day of the Primary, we will be rushing around trying to see that all of the 1100 Marin citizens who registered actually get out to vote. We all want to build up Marin City, and the more votes we poll the better our standing will be in the rest of the county.

And on Friday, the day of the school election and the Council election, we will be on hand to see that everyone who votes in one election remembers to vote in the other one, too.

This week we finished our work on the survey for the Medical Center. Anyone who got by us both times without getting surveyed had better be sure everyone in his family is listed in the office, if he expects to have them covered by the Medical service.

By the way, did you know that Mrs. Larson would like all our old magazines, to send to the various U. S. O. centers? We didn't, and we were all glad to find a place where they would be appreciated.

Old Fashioned Dance Party Meets Here Every Wednesday

Remember the time. It's every Wednesday at 7:30 for square dance enthusiasts. The group meets at the Community Building.

Old-fashioned dancing is to a special collection of records.

Cold drinks are on sale by VICS members.

Mrs. Harry Wyman and son, Robert, arrived here last week from St. Paul, Minn., for a visit with her parents, Mr. and Mrs. George Smith of House 600.

Strictly Personal . . .

By PEGGY BILLINGSLEY

Mr. and Mrs. Dave Michaud visited here with the Geo. Friemuths, on their way to St. Paul where they will make their home. The Michauds have been living in Seattle, Wn., doing war work.

Dave is Mrs. Friemuth's brother, and Mrs. Michaud is the sister of George.

Mrs. Newton Bradshaw, of Ozona, Texas, has joined her husband at A23 and is planning to work at the shipyard.

Mrs. Clifford Graves of Sonoma, former Marin City resident, was here Sunday calling on old friends.

John Martinez left with his wife and two children for Denver last week. Martinez is joining the Army, and his family will remain in their home town for the duration.

Guest of Mr. and Mrs. Al Barden is Al's mother, Mrs. D. M. Barden of Chicago, Ill.

Mr. and Mrs. Mark Caughill and two children have moved to Mill Valley where they have purchased a home.

J. West and wife, Della, arrived from St. Paul recently, and he is now working as a rigger at Marinship.

C. H. Teeple, resident of Marin City since November, 1942, is going into the Army. He is taking his wife and two children to Green, Iowa, where they will remain with relatives.

W. J. Maas from Atwater, Calif., is here visiting his nephew, A. W. Redlin. It's the first time they've seen each other for 41 years.

Congratulations

To Mr. and Mrs. Edward G. Schoengart of House 320 on the birth of a son, Michael Arnold, on April 29, at Ross General Hospital.

Sambo and Tigers Will Entertain On Local Stage

"Little Black Sambo" beloved children's story, will be presented on the stage at the Community Building Saturday, May 20, by youngsters of the Child Care Center.

Directing the production is Teacher Ann Brown, whose dramatic experience includes little theatre work at Stanford University.

The program will begin at 10 a.m. with all parents and friends admitted free.

Hedda Hopper: Looking at HOLLYWOOD

MONTY WOOLLEY has gone to war. The whiskered comedian for whom life began at 50 is grumbling thru his beard in a one-angry-man crusade.

The objective of his pet hate is the nest of "schools" situated in Hollywood and elsewhere which hold out a hope and a promise of film stardom to all aspirants with the price of tuition.

That their customers possess talents is no prerequisite. The boys and

girls, of course, and their fathers and mothers, too, fall for the old mawkish in droves. There seems to be a widely prevalent notion abroad that anybody short of a deaf mute can master the craft of miming in approximately the time it takes to memorize Hamlet's soliloquy.

Monty Woolley sputters and roars in righteous rage. "Why—why—when I think of mine own Kampf—why, damn it all, these arrant tricksters!"

No Bed of Roses

The point is that Monty resents acrimoniously the inference that people can learn to act overnight. He resents this implied slur even more bitterly because a lot of folks seem to think that's what he did.

Adults Invited To Join Contest

Score keepers and referees are needed for the Marble Contest on Saturday, May 20.

Volunteers with free day-time hours are asked to join the youngsters' fun by applying for the supervisory posts.

Applicants may send names to "The Marin Citizen" news boxes or office, or to the Marin Recreation Department, P. O. Box 236.

The South Gives This Community New War Workers

The Southern States contributed most of Marin City's new residents last week.

Here from Louisiana were Mr. and Mrs. Artis Lang, B4-590; Mr. and Mrs. John Hopkins, House 236; Mr. and Mrs. Lee Shacks, House 604.

From Texas comes Mr. and Mrs. J. O. King, House 288; and Mrs. Cleothe Valetine, B7-628. Mr. and Mrs. Jack Howell, B8-651, are here from Tennessee, and Mr. and Mrs. Clovis Whisenanat, A18-142, come from Arizona.

Other newcomers are Mr. and Mrs. Andrew Strombom, A30-234, from Guerneville; Mr. and Mrs. James Marchman, A4-29, from Georgia; Mr. and Mrs. Frank Guliford, House 319, from Kansas; Mr. and Mrs. J. R. Brown, House 470, from Indio, Calif.; Mr. and Mrs. J. A. Williams, House 739, from San Francisco; Mr. and Mrs. Wilson Stout, House 656, from Redding; and Mr. and Mrs. Leslie Johnson, House 612, from Oklahoma.

Year Around Program on TB

Plans are now being laid by the Marin County Tuberculosis Assn. for a special educational and case-finding drive which will continue throughout the summer and fall months, according to Elmer Nielsen, president of the county-wide organization.

The new enlarged program, which will bring benefits to every section of Marin, is being made possible through the splendid response to the Xmas Seal Sale, during which \$1250 in excess of the previous record was collected.

Officers of the association, in addition to President Nielsen, are Dr. Mary Harris, honorary president; Mrs. Clinton Duffy, first vice president; Mrs. Carl Clark, 2nd vice president; Edwin T. Co-man, treasurer; and Mrs. H. S. Porter, secretary.

Children's dance classes meet every Saturday at the local school. Tuition is 60 cents.

Champ Flag Still Flies At Shipyard

Undefeated for the second consecutive month, Marinship today continued to fly the national Tanker Champ flag for its performance in delivering tankers to the United States Maritime Commission.

In the presence of 15,000 people, attending Marinship Family Day on May 7, K. K. Bechtel, President of Marinship Corporation, announced that the Sausalito shipyard still led all U. S. shipyards for tanker productivity. Bechtel revealed that the following wire had been received from Admiral H. L. Vickery, Vice Chairman, U. S. Maritime Commission:

"No other shipyard engaged in tanker construction having achieved greater productivity per way than Marinship during April, it is accordingly authorized to fly the Tanker Champ flag during the month of May."

"Congratulations to all those who had a part in this accomplishment."

Marinship retained the flag for May as a result of its delivering three completed tankers in April. A goal of four ships has been set for delivery in May, in an effort to make it "three in a row" for the progressive Sausalito shipyard.

Marinship's accomplishment is emphasized, according to Bechtel, by the fact that Marinship is building a faster and more complicated tanker than is being built on a full production basis by any other shipyard in the nation.

Immediately following announcement of the retention of the flag at Marinship, the tanker S. S. Mission Capistrano was launched—the forty-third ship to be launched in twenty-five months since construction of the shipyard was started.

Marin's Coach Leaves for Navy

Frank Nihil, physical education instructor and coach at Marin Junior College, has been accepted in the Navy. Coach Nihil followed almost immediately by Ed Jorgensen followed his two predecessors into the Navy.

We Need Representation!

MARIN CITY has needed a representative on the School Board for a long time.

The Marin City School has almost 1,000 pupils, more than three times the number of pupils enrolled in any other school in the district.

Marin City problems are often shunted aside or misunderstood by the present School Board.

We now have a chance to remedy this situation by electing a Marin City man to the School Board.

That man is Dan Allen, Chairman of the Marin City Council. A shipfitter on graveyard, Allen is a Yale graduate and is well qualified to serve on any School Board.

A football star on the Yale varsity squad and later on the Shrine East-West team, Allen knows education both from the scholastic and recreational side.

Your vote for Allen for school board at the special School Board Election on Friday, May 19, will guarantee Marin City representation on an important official body.

Farm Magazine Editor Urges Lea Re-Election

April 14, 1944.

Representative Clarence P. Lea,
First District of California:

This is about Representative Clarence F. Lea, Member of Congress of the First District of California, one of the most conscientious and effective public servants we have ever known.

We worked with Representative Lea during a period of months in Washington in behalf of the dairy industry (H.R. 149, relating to nonfat dry milk solids). There we had an opportunity to know Representative Lea as an able legislator whose services to the country are today more important than ever before.

For many years Representative Lea has been the nominee in the First District of both Democratic and Republican parties. This district comprises the California counties of Butte, Colusa, Del Norte, Glenn, Humboldt, Lake, Marin, Mendocino, Sonoma, Sutter and Yuba.

DAIRY SUPPORT

We learned that Representative Lea has the respect and affection of his colleagues in Congress regardless of party. They said: "Get Clarence Lea interested in this dairy industry bill and that will go far in securing its passage, for we all have confidence in Mr. Lea."

So Representative Lea listened to the Dairymen, thoroughly mastered the subject of dry milk production and manufacture, and became convinced that this piece of legislation was good for agriculture, for the dairymen, and for the consumer. Then both as representative of a leading dairy region and also as chairman of the very important Committee on Interstate and Foreign Commerce, Representative Lea supported this dry milk bill. He wrote the report favoring the legislation. To make a long story of months of efforts short — this bill is now a law.

LEADS DELEGATES

Representative Lea is also chairman of the California Delegation and is looked upon by all Members of Congress of the Pacific Slope states for leadership. Because of his character, reputation, experience and standing, he can talk to the highest officials in Government in behalf of his country, his state and his constituency. California farmers and businessmen writing or going to Washington with problems have always found him ready to listen to them and work with them on their problems.

So that he can be close to his work, Representative Lea lives just across Capitol Park from his office in the House Office Building, Washington, D. C. We have found him there at all hours answering letters, meeting people from his district, working on subcommittees and committees and attending all those jobs that make a Congressman effective in representing his people.

CHARACTER

In a Representative in Congress, there is no substitute for character, industry, reputation, experience, independence in thought and action and that rare ability of getting along with people and therefore getting things done. Representative Lea has all these qualifications to a high degree and it would be a great misfortune to California to lose his services.

As we have often pointed out on our editorial page much depends in these perilous days upon a strong, experienced and independent Congress. On his record, we would hope to see Representative Clarence F. Lea the unanimous choice of the voters of the First District of California.

ROBERT E. JONES,
Editor-Publisher,
The Pacific Dairy Review,
San Francisco, California.

P. H. Horlock and family
have gone to Long Beach,
Wash., to make their home.

Lea Is Endorsed By Republican

Note what Honorable James W. Wadsworth of New York, one of the most outstanding Republicans in the Nation, has to say about your Congressman, a Republican who has served 24 years with Mr. Lea in the Congress of the United States:

Washington, D. C.,
April 25, 1944.

Dear Clarence:

You may remember that when a dinner was given in your honor here in Washington back in June of 1942 and I was invited to attend, I wrote to the people in charge of the dinner expressing my regrets at my inability to accept the invitation on account of a conflicting engagement and went on to express my appreciation of the services which you render here in the House of Representatives, I was competent and am still competent to judge of your services because I spent ten years working with you as a member of the House Committee on Interstate and Foreign Commerce and thus had an excellent opportunity to observe your performance. Moreover I went on to state that regardless of the fact that you and I are on opposite sides of the so-called political fence I had rejoiced at serving with you and hoped that your California district would send you back to Congress for many years to come. This is just a line to say to you that I have not changed my opinion about this in the slightest degree. While I know next to nothing about political situations in California I do know that you have done, and are still doing, an excellent job here in the House and that it would be a pity if your services were lost. In other words, you have my best wishes for renomination and re-election.

Sincerely yours,
(Signed) J. W. WADSWORTH.

Paid Political Advertisement.

Farmers Join Lea Supporters

John S. Watson of Petaluma is one of the leading dairymen and farmers of Sonoma County. He is well known among the farmer groups of all northern California. In the following letter addressed to the Farmers and Dairymen of California, he urges the importance of re-electing Mr. Lea to Congress.

Petaluma, Calif.,
April 15, 1944.

TO THE FARMERS AND
DAIRYMEN OF CALIFORNIA:
I heartily endorse the candidacy of Clarence F. Lea for Congressman, First Congressional District, California. From personal contacts with Mr. Lea, both in California and in Washington, it is my earnest belief that his work and attitude merit the approval of the voters in this District. Mr. Lea is quiet and unassuming, yet forceful, and enjoys the respect of the members of our California delegates in Congress, of whom he is the leader.

His advice and requests are heeded by those men who now occupy executive positions in the administrative branch of our National Government. Mr. Lea's judgment is sound, based upon many years of service in the interests of the people of his district and of the State of California. He is tireless in his endeavors to do those things which now appear to further the best interests of all of us in this state and nation.

Mr. Lea is one of the ranking leaders in our National Congress. It is our duty to maintain his position there.

Sincerely,
JOHN S. WATSON.

Mr. and Mrs. Barnard Murphy and two children have moved to San Rafael. The Murphys came here from St. Louis, Mo., but expect to remain in California after the war.

Lea Commended By Sam Greene

Sam H. Greene, Manager of the California Dairy Council for 25 years and familiar with all the problems of the dairy industry, states:

"I have known Clarence Lea for years. To me he represents the highest type of Americanism."

"Furthermore, I know from personal contact in Congress that his ability and influence are outstanding."

"He is especially considerate of the dairy industry; more so than ever in these critical times. Evidence of this is his chairmanship of a subcommittee of the California delegation set up for the express purpose of dealing with dairy problems."

"Thus we dairy people have a direct approach to the highest law making body in the Nation."

K. Bechtel Again On C. of C. Board

Kenneth K. Bechtel, president of Marinship Corporation, Sausalito, was re-elected to the Board of Directors of the California State Chamber of Commerce at a meeting of the group Monday in Santa Rosa.

John S. Watson, Petaluma dairyman, was among the five new directors chosen by the organization, bringing the total to 38 widely known representatives of business and industry.

Marbles Provided

Marbles will be provided at the contest. Players should bring their own shooters, which must be made of glass and not more than five-eighths of an inch in diameter — the standard size.

Transcontinental Rail Celebrates 75th Year

Marking completion of the nation's first transcontinental railroad and birth of a new era of development in the West the "wedding of the rails" took place on May 10, 1869, at Promontory, Utah. This picture was taken after the "last spike" had been driven and the nation linked with bands of

iron rail, while the bonnet-stacked woodburner (left) of the Central Pacific (now Southern Pacific) touched its pilot to the Union Pacific "iron horse" from the east.

Scene of the ceremony was in the barren hills north of Great Salt Lake on a section of line long since superseded and now abandoned for a short trestle-fill cutoff across the lake. Subsequent expansion of

the 690-mile western portion of this pioneer rail line is seen today in the far flung properties of Southern Pacific extending over 15,000 miles of railroad in this country and Mexico. The railroad's nearly 100,000 employees were too absorbed in their unprecedented task of speeding Victory trains with men and materials of war to hold Diamond Jubilee observances.

More on Contest In District C

(Continued from Page 3)

file for council re-election.

Election day is the same day as the school board election, Friday, May 19, with the polling place in the lounge room of the Community House.

All Marin City residents of 18 years of age or older, regardless of term of residence here, can vote for their city fathers.

Ball Team Gets Going

The Victory Giants, Marin City's new adult baseball team, will meet for practice next Monday at 5:30 p.m. on the baseball field, announces Manager Felton Kennedy.

Any one who wants to play is invited to turn out for the Monday session.

Local Child Service Care Proves Success

Marin City's Nursery and Child Care Center are second to none, agree Director Rose Peterson and Teacher Marie Hanson, fresh from a tour of other Bay Area extended day care services.

During recent trips, they visited the child care facilities at Richmond Housing Projects, San Francisco State College, and Berkeley.

Most centers, they discovered, are housed right in school buildings, making it practical for war-working parents who leave youngsters on their way to jobs, but tough on the children who have to keep quiet during school hours.

Services found elsewhere which Marin City's center does not have, were an isolation ward, one Richmond center with 24-hour care, and another nursery where casserole dishes were on sale for homeward-bound parents.

The isolation ward, however, is much like the system at the nursery school here, except the Richmond center has a large room for the purpose.

In both places, if the child

comes down with a communicable disease during nursery school hours, he is isolated from his playmates, and kept in bed until his parents arrive.

Neither place offers nursery care throughout a disease.

Marin City, pointed out Mrs. Peterson, has an advantage enjoyed by none of the nurseries she has visited — the full time services of a trained, registered nurse.

As for the 24-hour child care service, the hiring policy at Marinship eliminates the need, according to Supt. Clifton Boyle who is administrator of the extended day service here.

Women with young children are urged not to work on night shifts at the nearby shipyard.

The hot casserole dinner dish, which is a terrific success at the other center, cannot be inaugurated here owing to the inadequate kitchen facilities. Feeding the 80 enrolled children a hot noontime meal, with morning and afternoon snacks keeps it going at full capacity.

The food offered the children here, stated Mrs. Peterson is on a par with any other center,

Two Cousins Leave Town to Report For Marine Duty

Two Marin City cousins join the Marines this month, as Miss Joan Babcock and Jack Dale Lewis report for training.

Joan, daughter of Mr. and Mrs. Jim Babcock, left this Thursday to begin training with the Marine Corps Women's Reserve at Carolina.

Jack leaves May 17 for Marine boot camp training at San Diego. He is the son of Mr. and Mrs. E. P. Lewis of A36, Apt. 285.

and 'way above four-fifths of the other centers seen.

Proof of Marin City's successful child care program is found in the rush Mrs. Peterson is now getting from teachers and graduating students who are applying for work at the center this summer.

It's reputation is encouraging professional people to come and teach, in order to learn how a well-run child care service for the children of working parents is managed.

Relief Map Of the City On Display

A relief map showing Marin City, Marinship, and Sausalito is now on permanent exhibit in the lounge room of the Community House.

The model was made here under the architect's supervision shortly after construction started on the project.

It has been shown at numerous National Association of Housing Officials conferences.

To keep it on display here without a glass covering which would obscure spectators' views, residents are asked to restrain curious children from touching it.

Veteran Memorial Object of Survey

Marin County's monument, erected after World War I in tribute to the veterans, is being included in a Life Magazine survey in regard to cost and means of erection. Details on the monument which stands in the Court House grounds were furnished by Jack Sheehy, former chairman of the memorial committee, to the San Rafael Chamber of Commerce.

Secretary Fred Cairns reported to Life that as far as his organization was concerned, no definite plans have been made for a memorial to the men of World War II as the choice is being left to the returning veterans.

Mrs. Morrell Harris is back at home convalescing after a recent operation at Children's Hospital in San Francisco.

INTERNATIONAL AFFAIRS

By FREDERICK THOMPSON

Last week we wrote of the causes of war and asked some questions as to whether or not the possession of colonies and their exploitation, the conflicting interests and ownerships of valuable resources in the so called far flung "backward areas" of the world and the jealous protection of the "interest" of the various powers might not be at the bottom of a great many of the world disputes that have usually resulted in war.

There have been wars in this world to keep slaves and wars to create slaves. This war is an attempt to create a world of slaves for two people who had made up their mind to divide and rule the world between them but it is very evident that the plans of Hitler and Tojo have miscarried and it is not too soon for everyone who has a real hatred of war to give thought to the question of how to avoid another which, if it comes through our ignorance or stupidity, will probably come in a shorter time than was allowed us for recuperation between the last and this one.

It is the opinion of this writer that we never fought in a war in all our history that was as important to us and to the entire world as this one.

But how to avoid another? We cannot do so by merely repeating the cliché that men are born to fight or that men love to fight because that is merely to shrug one's shoulders as to the future and accept and take for granted a miserable fate. It is too much like saying, during a plague of cholera, that men love to die of cholera so why try to find out what causes cholera, and then do something about it.

De Lesseps could not build the Panama Canal because of the malarial conditions that surrounded the entire region. But science increased medical knowledge and the cause of malaria was found to be mosquitoes. The mosquitoes were controlled and the United States built and owns the canal.

Some fifty years ago in California every other man carried on his face the deep pitted marks of small-pox. Science found the cause of small-pox and today a small pox victim is a rarity. Science and civilization can eliminate almost any threat to the fulfillment of humanity's aspiration toward a better world.

And war is the worst threat that exists or could conceivably exist.

And war, like disease, can be controlled when we know the cause of war.

For instance, if wars were fought for colonies and posses-

sions and vested interests and the exploitation of backward peoples, and the condition of true peace made it impossible for the victor to secure such gains, then war would become unprofitable and the Hitlers could not get the backing of the groups that encouraged him to arm Germany to conquer the world.

The military of Japan would never have gotten the backing of the large industrialists of Japan, who, incidentally were doing very well indeed under conditions of peace, had they not been able to point out to them that their expense would be reimbursed to them thousands of fold by the exploitation of Manchuria and Java and Burma and China.

If we are going to make a peace that will permit one country to "own" another country we will be making a temporary peace.

If we are going to make a peace that will permit one power to exploit a so called backward country under the old excuse of "carrying the white man's burden" then let us face it and keep our powder dry.

If we are going to make a peace that will let Mr. Jones "own" the control of the tin and rubber of Burma without the consent of the people of Burma or a full recognition of the rights of the Burmese people in this important Burmese national asset—then let us see as much as we can of our children and grandchildren right now. We may not be seeing them long.

How would we of the United States feel toward a situation in which through some lucky investment made some hundred years ago a group of Bolivians living in La Paz owned and controlled the Gogebic and Massaba iron ore ranges which are the basis of our entire steel industry?

Or if some group of Burmese had followed Lewis and Clarke and bought up and still held Oregon?

Wars are too expensive in our precious asset, men, to ever pay from any viewpoint. But the duty rests upon us of stopping them and we can have a tremendous collective influence if we base our opinions on a sufficiently intelligent study.

Every Wednesday is job registration day at the USO office

Office of MCWR Is Discontinued

The Marine Corps Women's Reserve recruiting office in San Rafael is being discontinued until further notice. Representatives of the MCWR have been in the San Rafael City Hall every Saturday from 11 a.m. to 4 p.m. since the first of the year, for the purpose of interviewing girls who might be interested in enlisting in that branch of the service.

The recruiting staff of the MCWR have been most enthusiastic about their reception in Marin County. The citizens of San Rafael and nearby communities have given excellent cooperation and the women of this district have responded to the call to "Free a Man to Fight" in a fine manner.

Applications for enlistment in the Marine Corps Women's Reserve are still being accepted at the Palace Hotel, 633 Market Street, Zone 5 San Francisco.

Red Stamp Time Over Two Weeks

Housewives are reminded this week by OPA that red ration stamps R8, S8 and T8 which became valid last Sunday for buying meats, fats and dairy products must last four weeks instead of the customary two.

The only items now requiring red points are beef steaks, butter, margarine, cheese and cheese products and evaporated milk.

Accordingly, red stamps U8, V8 and W8 will become valid for use on Sunday, June 4, 1944, instead of May 21, 1944, as previously announced.

Tomato and Flower Plants Now on Sale At Garden Center

A new shipment of flower and vegetable plants are now on sale at the Garden Center.

Among the available plants are tomatoes, neomecia, double petunias, marigolds, stock and colias and ice plants in pots.

Most of the items are 30 or 35 cents per dozen plants.

The center, which is an old white farm house in the upper left hand corner of the project, is open every day but Sunday from 9 a.m. to 5:30 p.m.

Public Concert Tuesday at MJC

A public concert will be held Tuesday evening, May 16, at the Marin Junior College library, with the college's a capella choir and symphony orchestra taking part in a joint program which has been arranged by Clinton Lewis, music instructor.

During the year Lewis has been rehearsing his choir and orchestra for this public performance in which adult musicians enrolled in the evening music classes will participate along with regular junior college students.

Marin City's own Garden Center sells flowers and vegetable plants.
